# Farglory Free Trade Zone-Five-in-One Air Cargo Park

# Enlarged Trucks Bay

**Since beginning operations in 1991, Farglory Terminal, the predecessor of Farglory FTZ Investment Holding, has been in the business of import and export customs clearance, goods held-in-bond, storage, and cargo shipping. With automated cargo equipment, complete tracking and information management system, specialized experts on stand-by, and customized services, Farglory is pioneering a 24-hour a day, year-round service counter offering door-to-door services.**

**Listed in the OTC since 1999, and on the stock market since 2004, the company has been named the Best Performing Company in the Air Cargo stock category for four years in a row. After joining the Taoyuan Air Passenger and Cargo Park BOT Development Plan in 2000, Farglory was in 2003, formally authorized to operate the fifty-year BOT plan. It was at that time that the Farglory Free Trade Zone was established. Of the 600 free trade zones throughout the world,**

**Farglory FTZ is the first and only one that combines Air Cargo Terminal, Forwarder's Building, Value-added Park, Logistic Center, and Business Center. Measuring 45 hectares in total .In 2006, Farglory Logistics was established, which opens up a new era for Farglory Air Cargo and Logistic Business.**

## **Five Major Categories:**

### **Guaranteeing Efficient and Safe Cargo Management**

- **Export Service:** integrating the flow of information and cargo, with cargo acceptance and data entry at the terminal entrance; 24-hour automatic management for allowing clients to load and unload goods at their convenience.
- **Import Service:** storage, loading and unloading of imported cargo; available 24 hours a day for cargo customs clearance and cargo examination.

# Professional Services-Business Scope

- **Transit Service:** storage of goods in transit, and 24-hour handling of cargo, including customs examination.
- **Planeside Release Service:** seamless cargo processing procedures and all necessary refrigeration equipment, connected by an airfield apron to ensure cargo freshness; equipped with 16 additional parking spaces dedicated to cargo delivery.
- **Express Service:** featuring specialized customs clearance facilities and exclusive parking areas connected to the airfield apron, for efficient cargo delivery.

# Professional Services-Business Scope

- **Total Floor Area of Export, Import, and Transit Divisions: 89,110 Square Meters.**
- **Annual Handling Capacity for General Cargo: 1.2 Million Metric Tons**
- **Annual Handling Capacity for Planeside Release & Express Cargo: 80 Thousand Metric Tons**

# Business Performance- World-Class Terminal Facilities

- **ULD System: including 4 Elevator Transfer Vehicles, 36 Airside Joint Pallet Machines, 45 Temporary Holding Areas, 1,800 Units of Empty Container Storage, which can handle up to 1.2million tons of cargo.**
- **Work Station including 36 Wide-Side Breaking-Down and Building-Up pallets; efficiently able to handle large amount of importing and exporting cargo.**
- **Container Storage System (CCS) : multi-layer Container Storage System, including 1,360 storage units, each connected with the airfield apron for fluid and direct cargo delivery.**

# Business Performance- World-Class Terminal Facilities

- **Cargo Elevator: 6 cargo elevators in total, operating throughout the apron contiguous areas and work stations on all floors, for the loading, unloading, and delivery of imported and exported cargo.**
- **Dangerous Goods & Radioactive Materials Warehouse: introducing advanced fireproof storage materials; operate and supervised by professional and highly trained workers, ensuring the safety of cargo and warehouse facilities.**

# Business Performance- World-Class Terminal Facilities

- **Valuable Cargo Handling Center:** operating under 24-hour a day surveillance with an advanced security monitoring system to ensure safe storage and handling.
- **20-Foot Container Handling Center:** with a capacity of four 20-foot containers for handling oversized.

**12 Meter Deep**

**ASRS Position: 2,400bins**

**ASRS Position: 2,400bins**

**PCRS System:1,326bins**

**Dangerous Goods &  
Radioactive Materials  
Warehouse**

**Close Circuit TV-1258 set**

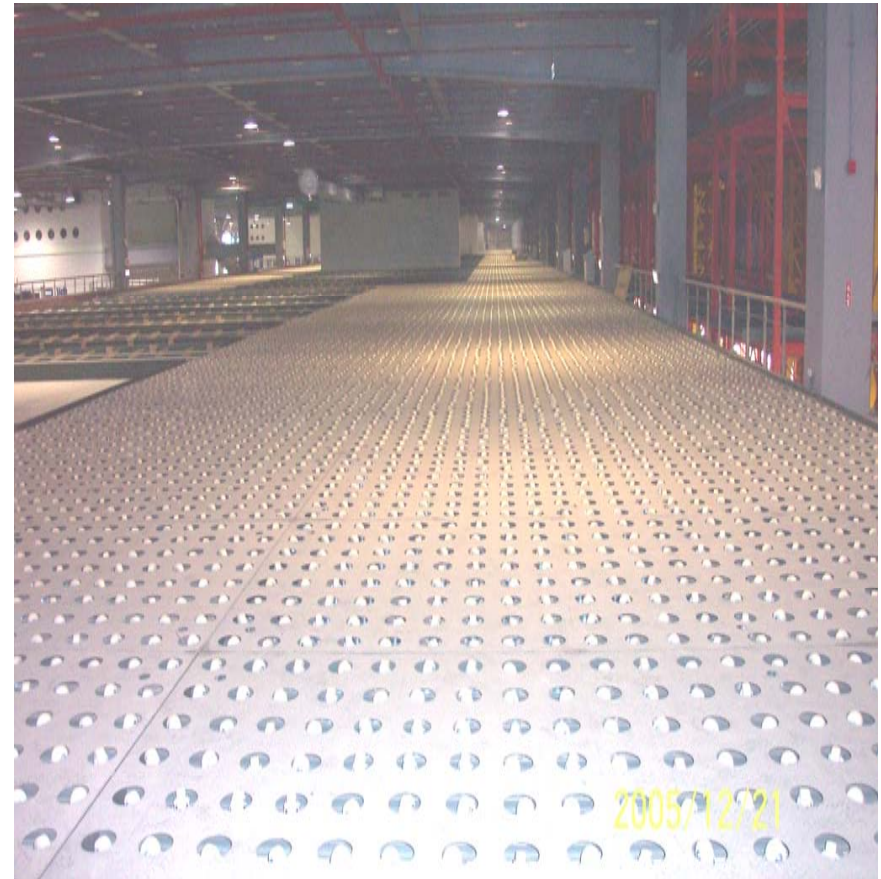

**22 Meter Deep**

**Mobile Pallets**

**45 Pallets Complete Exit**

**Empty ULD Storage:  
1,800 positions**

**Constant Temperature Storage**

**Cargo Express Entrance**

## Ten Reasons for Farglory's Leading Market Position

1. Free Trade Zone: providing value-added services along with standard terminal services.
2. Exclusive Underground Connecting Tunnel: connecting harbor cargo stations and storage centers for convenient cargo retrieval.
3. Special 600-Meter Cargo Bridge for Dolly Trains: between the airfield apron and the terminal for the delivery of containers.
4. Security Surveillance in All Directions: with digital, closed-circuit television surveillance and highly trained security personnel to ensure safety of cargo and facilities.

## Ten Reasons for Farglory's Leading Market Position

5. International Anti-Terrorism Association: meeting the tough standards of the anti-terrorism associations, such as TAPA and C-TPAT, for the safety of cargo and clients.
6. Capacity to Handle 3 Cargo Aircraft in One Run: with 100 cargo docks in operation allowing the Park to accommodate as many as 3 cargo planes in a single run.
7. Mutual-Operation of Importing and Exporting Lines: designed to allow inter-compatibility importing and exporting lines during high volume periods.

## Ten Reasons for Farglory's Leading Market Position

8. Exclusive Container Lanes Inside Warehouse: allowing delivery of cargo directly from warehouse to planes.
9. Enlarged Trucks Bay: with a turn around space increased by 30 meters to speed up loading and unloading of cargo.
10. Integrated Optic Fiber Radio Communication System: operating the Radio Frequency Identification System allowing easy tracking of cargo.

# Business Advantages
